

BIG Conference 2007

Challenging the Status Quo

16th-18th May 2007
Marriott St. Pierre Hotel, Chepstow
www.bigconference.org

What some delegates said

"By far and away the most enjoyable, rewarding and profitable event I have attended." (first timer)

"It was very friendly and open. Good organisation. Liked the fact that people tried to include you." (first timer)

"I really like the residential aspect, as it maximises the value of networking, without needing to skip conference sessions. Having it in London, you would lose that." (research buyer)

"I think that the conference is great overall. It helps me come up with new ideas which makes it worth coming." (regular attendee)

"I thought was the best BIG conference I have attended and I have attended more than 10 of them." (regular attendee)
